General Orders by the Most Noble the Governor General of India in Council.

Fort William, 6th September 1853.

No. 705 of 1853.—The existing Orders on the subject of the supply of Great Coats to European Recruits, Volunteers, Invalids and others, are cancelled, and, the following Rules substituted:—

1. The blue grey cloth Great Coat directed in Government General Order, No. 14, of the 19th January 1842, will only be provided for the use of European Soldiers performing duty with their Regiments, and these Great Coats are to be considered as attached to Corps for the full time they are required to last, in the same manner as other equipments supplied by Government, and they are on no occasion to be taken away by men who finally quit their Regiments; but men who are sent to any of the Convalescent Depôts are to take their Regimental Great Coats with them.

2. On the arrival of a Regiment of Her Majesty's Infantry in this country, the Great Coats in use are to be forwarded to the Army Clothing Agency, in order to be replaced on the usual indents by Regimental Great Coats of the prescribed pattern.

3. On the departure of a Regiment from India, the men will take with them the Great Coats they have in wear, all surplus Coats being forwarded to the Army Clothing Agent for re-issue.

4. Great Coats of a distinct pattern will be provided for the use of Recruits, Invalids and others, and will be supplied under the following rules.

5. On the arrival of each Detachment of Recruits from England, the whole of the Great Coats in use with it will be sent to the Army Clothing Agent, who will cause them to be examined, and all that are serviceable and repairable are to be forthwith put without delay into proper order.

6. All Great Coats received from Her Majesty's Regiments arriving in India are likewise to be immediately examined and put into proper order for issue to Detachments.

7. When there may be no Army Clothing Agency at the port of landing, the duty of examining and repairing the Coats, as well as of receiving charge of surplus Coats, will devolve on the Commissariat or other Officer at the Station, who may be named for the purpose under the instructions of the Clothing Board.

8. Such of the Great Coats brought out by each Detachment as are calculated, after the necessary repairs to last during the march or progress of the party to the Head Quarters

of the Regiment, will be re-issued to it, in part of the indent which the Officer commanding must furnish as early as practicable to the Clothing Agent or other local authority, and the number deficient is to be made up from the Detachment Great Coats in store; these being issued at once, without waiting for the repairs being completed to the Great Coats sent in by the Detachment.

9. The Great Coats on being issued for the first time, whether new or repaired, are to be numbered; and the number, year of issue, and the word "Dett." are to be marked in an indelible manner on each Coat.

10. All Great Coats are to be carefully examined by the Agent or other Officer before being despatched, and the exact condition of each is to be entered in a book to be kept for that purpose.

11. A return of the Coats supplied taken from the Register Book is to be furnished the Officer commanding the Detachment, who is to examine the Coats, and see that they correspond with the description in the return.

12. The Officer commanding each Detachment will be personally responsible for the Great Coats, and he will be required to account for all made over to him.

13. He is further required to see that the Coats are only worn on authorized occasions, and that they are not made use of by the men as bedding, or worn as fatigue dresses.

14. The Great Coats are to be taken care of by the Soldier in the same manner as his necessaries, and any loss or damage thereof occasioned by his neglect is to be made good by stoppages from his pay.

15. On the arrival of the Recruits at the Head Quarters of the Regiment, the Great Coats are to be delivered over to the Quarter Master, to be placed into Regimental store, a receipt being given to the Officer commanding the Detachment for the number so delivered over, which receipt is to be forwarded to the Secretary to the Clothing Board on the Officer finally accounting for the Coats he has received.

16. The Coats, at the time of their being made over to the Quarter Master, are to be surveyed by a Committee, the report of which is to be forwarded to the Secretary to the Clothing Board, when instructions will be issued for making the necessary repairs, for disposing of such as may be unserviceable, and for recovering the price of any that may be damaged or missing.

17. Foot Artillery, Sapper and Infantry Recruits, on delivering over the Detachment Great Coats, will be provided with Regimental Coats, and Cavalry Recruits will, in like manner, be provided with the Cloaks supplied by the Colonels of Regiments.

18. Every Soldier finally quitting his Corps, whether as an Invalid, time-expired man, or otherwise proceeding to the Presidency or other port for embarkation, when entitled to a free passage, will be supplied with a Detachment Great Coat, his Regimental Coat being delivered into store for issue to Recruits.

19. These men will be held responsible for their Great Coats, which they will take with them for use on boardships, and no Great Coat so issued is on any account to be replaced without payment, unless lost or destroyed by circumstances over which the man had no control.

20. Men purchasing their discharge, and those finally discharged with the intention of remaining in India, are not to be supplied with Detachment Great Coats, but they are to deliver over to the Quarter Master the Regimental Great Coats they have in wear.

21. Men transferred from one Corps to another, including volunteers, are to make over their Regimental Great Coats, and will be supplied with Detachment Great Coats, which they will be held responsible for, and which they must deliver over to the Quarter Master on reaching their new Corps.

22. This Rule, however, does not apply to Soldiers transferred to Native Corps or to the Ordnance or other Departments, men serving in those branches not being provided with Great Coats.

23. Instructions will be issued by the Clothing Board regarding the disposal annually of all worn Detachment Great Coats, and Commanding Officers of Corps will be held responsible that due care of the Great Coats deposited in Regimental store, and that such Coats as are to be sent to the Presidency or elsewhere are properly packed and despatched.

24. Periodical returns showing how the detachment Great Coats received have been disposed of, are to be forwarded to the Secretary under such instructions as may be issued by the Clothing Board.

25. These Rules apply to the Foot Artillery, Dragoons, European Infantry of Her Majesty's and the Company's Services, and the European portion of the Sappers and Miners.

No. 2420.

Extract from the Proceedings of the Most Noble the Governor General of India in Council, in the Financial Department, under date the 2nd September 1853.

Read the following Despatch from the Hon'ble the Court of Directors, No. 23 of 1853, dated the 20th July, admitting the Servants of Government employed in the Educational Departments to the benefits of the General Pensionary Regulations of 1831 :—

Financial Department.

No. 23 of 1853.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

1. In the year 1846 you recommended the admission of the Servants of Government employed in the Educational Department to the benefits of the General Pensionary Regulations of 1831.

2. Before deciding upon the question, we required to be furnished with returns of the Educational Institutions at the several Presidencies, to enable us to ascertain the expense of the measure which you had submitted to us. These returns were rendered in your letter of the 30th May 1848, and it appeared from them that the probable charges to the State for Pensions would amount to about Rupees 20,000 per annum on the strength of the Educational Establishment as existing at that time. Your financial position was then so unpromising, that, viewing the proposal as we were compelled to do, solely on financial grounds, we felt it necessary to postpone the boon, which on all other considerations we should willingly have conceded to the Educational Servants.

3. In our despatch in this Department dated 17th September 1851, No. 50, in reply to a memorial from the body of Educational Servants employed in the North-Western Provinces, we expressed our regret that we were still prevented, by financial considerations, from complying with their request for the grant of Pensions on retirement.

4. Our attention has again been given to the subject, and we have resolved now to withdraw the restriction as respects this valuable class of public Servants, and to sanction their being admitted to participate in the privileges of the Pension Rules of 1831. We have also determined, with a view of showing our estimation of the importance of their services, that the Principals and Head Masters of Colleges or Schools shall be ranked in the same class with Law Officers and Native Judges, and in like manner with them be qualified, if incapacitated by age or infirmity, to receive Pensions, equivalent to one-third of their average monthly salary, after fifteen years' service, and to one-half after a service of twenty-two years or upwards. This privilege must be confined to Principals and Head Masters. With regard to all other Educational Servants, a service of twenty years will be a necessary qualification for the minimum rate of Pension.

Vide Clause 5, Rule V., of the Pension Rules of 1831.

of the case, and likewise all such parts thereof as the Respondent or his agent may require, to be printed by Her Majesty's Printer, or by any other Printer on the same terms, the Appellant or his agent engaging to pay the cost of preparing a copy for the Printer at a rate not exceeding one shilling per brief sheet, and likewise the cost of printing such record or appendix, and that one hundred copies of the same be struck off, whereof thirty copies are to be delivered to the agents on each side, and forty kept for the use of the Judicial Committee; and no other fees for solicitors' copies of the transcript, or for drawing the joint appendix, be henceforth allowed, the solicitors on both sides being allowed to have access to the original papers at the Council Office, and to extract or cause to be extracted and copied such parts thereof as are necessary for the preparation of the petition of appeal at the stationer's charge, not exceeding one shilling per brief sheet.

Appeals to be prosecuted within a certain time.

V. That a certain time be fixed within which it shall be the duty of the Appellant or his agent to make such application for the printing of the transcript, and that such time be within the space of six Calendar months from the arrival of the transcript and the registration thereof in all matters brought by Appeal from Her Majesty's Colonies and Plantations East of the Cape of Good Hope, or from the Territories of the East India Company, and within the space of three months in all matters brought by Appeal from any other part of Her Majesty's Dominions abroad; and that in default of Appellant or his agent taking effectual steps for the prosecution of the Appeal within such time or times respectively, the Appeal shall stand dismissed without further order, and that a report of the same be made to the Judicial Committee by the Registrar of Privy Council at their Lordships' next sitting.

Appeals may be heard in the form of a special case.

VI. That whenever it shall be found that the decision of a matter on Appeal is likely to turn exclusively on a question of law, the agents of the parties, with the sanction of the Registrar of the Privy Council, may submit such question of law to the Lords of the Judicial Committee in the form of a special case, and print such parts only of the transcript as may be necessary for the discussion of the same; provided that nothing herein contained shall in any way bar or prevent the Lords of the Judicial Committee from ordering the full discussion of the whole case, if they shall so think fit, and that in order to promote such arrangements and simplification of the matter in dispute, the Registrar of the Privy Council may call the agents of the parties before him, and having heard them and examined the transcript, may report to the Committee as to the nature of the proceedings.

And Her Majesty is further pleased to order, and it is hereby ordered, that the foregoing Rules and Regulations be punctually observed, obeyed, and carried into execution in all Appeals or petitions and complaints in the nature of Appeals brought to Her Majesty or to her Heirs and Successors, in Council, from Her Majesty's Colonies and Plantations abroad, and from the Channel Islands or the Isle of Man, and from the Territories of the East India Company, whether the same be from Courts of Justice or from special jurisdictions, other than Appeals from Her Majesty's Courts of Vice-Admiralty, to which the said Rules are not to be applied.

Whereof the Judges and Officers of Her Majesty's Courts of Justice abroad, and the Judges and Officers of the Superior Courts of the East India Company, and all other persons whom it may concern, are to take notice, and govern themselves accordingly.

Present :

THE QUEEN'S MOST EXCELLENT MAJESTY.

His Royal Highness Prince Albert.

Lord President.	Earl of Aberdeen.
Lord Steward.	Earl of Clarendon.
Duke of Newcastle.	Viscount Palmerston.
Duke of Wellington.	Mr. Herbert.
Lord Chamberlain.	Sir James Graham, Bart.

Whereas there was this day read at the Board a Report from the Right Honorable the Lords of the Judicial Committee of the Privy Council, dated the 30th May last past, humbly setting forth that the Lords of the Judicial Committee have taken into consideration the practice of the Committee with a view to greater economy, despatch and efficiency in the appellate jurisdiction of Her Majesty in Council, and that their Lordships have agreed humbly to report to Her Majesty that it is expedient that certain changes should be made in the existing practice in Appeals, and recommending that certain Rules and Regulations therein set forth should henceforth be observed, obeyed, and carried into execution, provided Her Majesty is pleased to approve the same.

Her Majesty, having taken the said Report into consideration, was pleased, by and with the advice of her Privy Council, to approve thereof, and of the Rules and Regulations set forth therein, in the words following, videlicet :—

Appellant, when successful, may recover costs of appeal.

I. That, any former usage or practice of Her Majesty's Privy Council notwithstanding, an Appellant who shall succeed in obtaining a reversal or material alteration of any judgment, decree, or order appealed from, shall be entitled to recover the costs of the Appeal from the Respondent, except in cases in which the Lords of the Judicial Committee may think fit otherwise to direct.

Transcripts to be sent to Registrar of Privy Council.

II. That the Registrar or other proper Officer having the custody of records in any Court or special jurisdiction from which an Appeal is brought to Her Majesty in Council be directed to send by post, with all possible despatch, one certified copy of the transcript record in each cause to the Registrar of Her Majesty's Privy Council, Whitehall; and that all such transcripts be registered in the Privy Council Office, with the date of their arrival, the names of the parties, and the date of sentence appealed from; and that such transcript be accompanied by a correct and complete index of all the papers, documents and exhibits in the cause; and that the Registrar of the Court appealed from, or other proper Officer of such Court, be directed to omit from such transcript all merely formal documents, provided such omission be stated and certified in the said index of papers; and that especial care be taken not to allow any document to be set forth more than once in such transcript; and that no other certified copies of the record be transmitted to agents in England by or on behalf of the parties in the suit; and that the fees and expenses incurred and paid for the preparation of such transcript be stated and certified upon it by the Registrar or other Officer preparing the same.

Transcripts may be printed abroad.

III. That when the record of proceedings or evidence in the cause appealed has been printed or partly printed abroad, the Registrar or other proper Officer of the Court from which the Appeal is brought shall be bound to send home the same in a printed form either wholly or so far as the same may have been printed, and that he do certify the same to be correct, on two copies, by signing his name on every printed sheet, and by affixing the seal, if any, of the Court appealed from, to these copies, with the sanction of the Court.

And that in all cases in which the parties in Appeals shall think fit to have the proceedings printed abroad, they shall be at liberty to do so, provided they cause fifty copies of the same to be printed in folio, and transmitted, at their expense, to the Registrar of the Privy Council, two of which printed copies shall be certified as above by the Officers of the Court appealed from, and in this case no further expense for copying or printing the record will be incurred or allowed in England.

Written transcripts to be printed by Her Majesty's Printer.

IV. That on the arrival of a written transcript of appeal at the Privy Council Office, Whitehall, the Appellant, or the agent of the Appellant prosecuting the same, shall be at liberty to call on the Registrar of the Privy Council to cause it, or such part thereof as may be necessary for the hearing

LIGHT OF THE 4th ORDER WITH A FIXED LIGHT ON THE SMALL ISLAND CALLED PULO CABALLO.

Pulo Caballo is a small Island, which is steep and of little extent, and is distant from the Light-House of the Island Corregidor less than a league; it lies to the South of the Eastern and inner extreme of the Island, at less than two miles distance, over the whole space of which it extends a dangerous Shoal, only passable by fishermen. On Pulo Caballo has been erected another Light-House of the 4th order, likewise built by M. Lepaute of Paris, to warn Vessels of the danger of attempting to pass, or of being drifted, between the Islands of Corregidor and Pulo Caballo.

PARTICULARS OF THE LIGHT-HOUSE OF PULO CABALLO.

1. Elevation of the ground above the level of the Sea (Burgos feet, ... 444
   Elevation of the Light-House above the ground, ... 6
   Total Elevation, (7) 450

2. The power of this Light extends to 9 Miles only according to M. Lepaute.

3. The Arc of the Circle, Illuminated by this Light is 200 degrees from East to West, Southerly, whence it follows that Ships gradually lose the light of this additional Light-House when within Pulo Caballo in the interior of the Bay, and they will have to steer by the light of the great Light-house of Corregidor, until close to the anchoring ground of the City of Manilla in front of the River.

4. Bearing S. 15° E. from Pulo Caballo is the small Island of Fraile at 3½ Miles, and the small Light will enable Vessels to pass in dark nights in mid-channel with safety.

5. Both Pulo Caballo as well as the Island of Fraile can be approached with the safety to within ½ a Mile; it is however better to keep in mid-channel considering the great force of the set of the tides.

OBSERVATIONS AND BEARINGS TAKEN FROM THE SMALL LIGHT-HOUSE OF PULO CABALLO OF VARIOUS REMARKABLE POINTS WITHIN AND OUTSIDE OF THE BAY.

The small Island of Fraile,	S.	15°	E.

All the foregoing bearings are true bearings, and the few Minutes of Easterly variation of the Needle that exist on this Coast, are very insignificant.

FANAL DE CUARTO ORDEN Y LUZ FIJA EN EL ISLOTE NOMBRADO PULO CABALLO.

Pulo Caballo *ó* un islote muy escarpado y de corta estension, que dista del fanal de la isla del Corregidor menos de una legua, y yace al Sur del estremo oriental é interior de dicha isla á menos de 2 millas advirtiendo que por tal espacio se prolonga un bajio peligroso, que no dá paso mas que á pescadores. En este Pulo Caballo se establece otro fanal de 4. órden construido tambien por Mr. Lepaute de Paris para resguardar á los buques del peligro de encontrarse la isla del Corregidor y Pulo Caballo.

INCIDENTES DEL FANAL DE PULO CABALLO.

1. Elevacion del terreno sobre el nivel del mar en pies de Burgos, ... 444
   Elevacion del fanal sobre el terreno en su pedestal, ... 6
   Elevacion total, ... 450

2. La fuerza de refulgencia de la luz de este faro solo es de 9 millas segun Mr. Lepaute.

3. El arco de circulo iluminado que presenta este fanal es de 200 grados y se colocará de Este á Oeste dando frente al Sur, resultando por tanto que los buques llegarán á perder de vista la luz de este fanal adicional, al estar dentro de Pulo Caballo en la parte interior de la bahia, y seguirán con solo fanal grande del Corregidor, hasta la inmediacion del fondeadero de la ciudad de Manilla frente al rio.

4. Al S. 15 E. de Pulo Caballo está el islote Fraile á 3½ millas y el fanal pequeno servirá tambien para promediar en noches oscuras esta distancia con seguridad.

5. Tanto Pulo Caballo como el islote Fraile se pueden atracar con seguridad hasta ½ milla de distancia; pero es mejor pro cederia en resguardo de la mucha fuerza que suelen tener las corrientes de mares.

An Act to amend the law for facilitating the acquisition of Land needed for public purposes within the local limits of the jurisdiction of the Supreme Court of Judicature at Madras.

I. The provisions of Act XX. of 1852, as herein modified, shall be applicable to all lands situate within the local limits of the jurisdiction of the Supreme Court of Judicature at Madras.

II. The powers given to the Civil Court of the Zillah in Section XIV. of Act No. XX. of 1852 shall, for the purposes of this Act, be exercised by the Supreme Court of Judicature at Madras either upon motion or petition : and the said Court upon the investigation of any matter under the provisions of this Section may compel the attendance of witnesses, and take their evidence in the same manner as upon a trial of an action of law, and the said Court upon such motion or petition may award such costs as they may think just.

III. In all cases in which payment of any part of the purchase or compensation money exceeding in amount the sum of five hundred Rupees is held in deposit according to Section XV. The said Securities shall remain in the hands of the Government Agents, and the interest accruing on the Securities shall be, from time to time, received and paid under the order of the said Supreme Court to the person or persons for the time being who would have been entitled to receive the rents and profits of the said lands if the same had not been taken as aforesaid, until there shall be some person or persons absolutely entitled to receive the principal sum of the moneys so reserved, and thereupon the said Government Securities, with all interest then due thereon, shall be transferred and paid to such person or persons under the like order of the said Court, and so long as no person can be found entitled to receive the interest of the said Government Securities, the Government Agent shall continue to receive, and from time to time to invest the accumulation of interest due thereon in the purchase of other Government Securities, to be held and applied by him or the same trusts as the Securities first purchased.

V. The right to receive payment of all sums not exceeding five hundred Rupees which shall be held in deposit under the said Section XV. Act No. XX. of 1852 may be determined by the Madras Court of Small Causes, and the said Court may make an order for the payment thereof, which order shall be a sufficient indemnity to the Government and all persons acting in obedience thereto.

LIGHT OF THE 4th ORDER WITH A FIXED LIGHT ON THE SMALL ISLAND CALLED PULO CABALLO.

Pulo Caballo is a small Island, which is steep and of little extent, and is distant from the Light-House of the Island Corregidor less than a league; it lies to the South of the Eastern and inner extreme of that Island, at less than two miles distance, over the whole space of which extends a dangerous Shoal, only passable by fishermen. On Pulo Caballo has been erected another Light-House of the 4th order, likewise built by M. Lepante of Paris, to warn Vessels of the danger of attempting to pass, or of being drifted, between the Islands of Corregidor and Pulo Caballo.

PARTICULARS OF THE LIGHT-HOUSE OF PULO CABALLO.

1. Elevation of the ground above the level of the Sea in Burgos feet, ... 444
   Elevation of the Light-House above the ground, ... 6
   Total Elevation, (7) 450

2. The power of this Light extends to 9 Miles only according to M. Lepante.

3. The Arc of the Circle, illuminated by this Light is 200 degrees from East to West, Southerly, whence it follows that Ships gradually lose the light of this additional Light-House when within Pulo Caballo in the interior of the Bay, and they will have to steer by the light of the great Light-house of Corregidor, until close to the anchoring ground of the City of Manilla in front of the River.

4. Bearing S. 15° E. from Pulo Caballo is the small Island of Fraile at 3½ Miles, and the small Light will enable Vessels to pass in dark nights in mid-channel with safety.

5. Both Pulo Caballo as well as the Island of Fraile can be approached with the safety to within ½ a Mile; it is however better to keep in mid-channel considering the great force of the set of the tides.

OBSERVATIONS AND BEARINGS TAKEN FROM THE SMALL LIGHT-HOUSE OF PULO CABALLO OF VARIOUS REMARKABLE POINTS WITHIN AND OUTSIDE OF THE BAY.

The small Island of Fraile,	S.	15°	E.
Point, Limbones,	South,		
Island of Carabao,	S.	3°	W.
Point of Fuegos,	S.	12°	W.
Small Island of Fortun,	S.	21°	W.
Southern Point of Corregidor in one with the flat-topped rock of Monja,	N.	83°	W.

REMARKS.

All the foregoing bearings are true bearings, and the few Minutes of Easterly variation of the Needle that exist on this Coast, are very insignificant.

(Signed) ANTONIO DE URBIZTONDO.

MANILA, 18th *January* 1853.

FANAL DE CUARTO ORDEN Y LUZ FIJA EN EL ISLOTE NOMBRADO PULO CABALLO.

Pulo Caballo es un islote muy escarpado y de corta estension, que ... ista del fanal de la isla del Corregidor menos de una legua y yace al Su... estremo oriental é interior de dicha isla á menos de 2 millas ad... ndo que por tal espacio se prolonga un bajo peligroso, que no ... paso mas que á pescadores. En este Pulo Caballo se establece otro fanal de 4°. órden construido tambien por Mr. Lepante de Paris para resguardar á los buques del peligro de encontre la isla del Corregidor y Pulo Caballo.

INCIDENTES DEL FANAL DE PULO CABALLO.

1°. Elevacion del terreno sobre el nivel del mar en pies de Burgos, ... 444
   Elevacion del fanal sobre el terreno en su poniente, ... 6
   Elevacion total, ... 450

2°. La fuerza de refulgencia de la luz de este faro solo es de 9 millas segun Mr. Lepante.

3°. El arco de circulo iluminado que presenta este fanal es de 200 grados y se colocará de Este á Oeste dando frente al Sur, resultando por tanto que los buques llegarán á perder de vista a luz de este fanal adicional, al estar dentro de Pulo Caballo en la parte interior de la bahia, y seguirán con solo fanal grande del Corregidor, hasta la inmediacion del fondeadero de la ciudad de Manila frente al rio.

4°. Al S. 15 E. de Pulo Caballo está el islote Fraile á 3½ millas, y el fanal pequeño servirá tambien para guiarse en noches oscuras tal distancia con seguridad.

AT THE COURT AT BUCKINGHAM PALACE.

THE 13TH DAY OF JUNE 1853.

Present:

THE QUEEN'S MOST EXCELLENT MAJESTY.

HIS ROYAL HIGHNESS PRINCE ALBERT.

LORD PRESIDENT.	EARL OF ABERDEEN.
LORD STEWARD.	EARL OF CLARENDON.
DUKE OF NEWCASTLE.	VISCOUNT PALMERSTON.
DUKE OF WELLINGTON.	MR. HERBERT.
LORD CHAMBERLAIN.	SIR JAMES GRAHAM, BART.

WHEREAS there was this day read at the Board a Report from the Right Honorable the Lords of the Judicial Committee of the Privy Council, dated the 30th May last past, humbly setting forth that the Lords of the Judicial Committee have taken into consideration the practice of the Committee with a view to greater economy, despatch, and efficiency in the appellate jurisdiction of Her Majesty in Council, and that their Lordships have agreed humbly to report to Her Majesty that it is expedient that certain changes should be made in the existing practice in Appeals, and recommending that certain Rules and Regulations therein set forth should henceforth be observed, obeyed, and carried into execution, provided Her Majesty is pleased to approve the same:

Her Majesty, having taken the said Report into consideration, was pleased, by and with the advice of Her Privy Council, to approve thereof, and of the Rules and Regulations set forth therein, in the words following, videlicet:—

Appellant, when successful, may recover costs of Appeal.

I. That, any former usage or practice of Her Majesty's Privy Council notwithstanding, an Appellant who shall succeed in obtaining a reversal or material alteration of any judgment, decree, or order appealed from, shall be entitled to recover the costs of the Appeal from the Repondent, except in cases in which the Lords of the Judicial Committee may think fit otherwise to direct.

Transcripts to be sent to Registrar of Privy Council.

II. That the Registrar, or other proper officer having the custody of records in any Court or special jurisdiction from which an Appeal is brought to Her Majesty in Council, be directed to send by post, with all possible despatch, one certified copy of the transcript record in each cause to the Registrar of Her Majesty's Privy Council, Whitehall; and that all such transcripts be registered in the Privy Council Office, with the date of their arrival, the names of the parties, and the date of the sentence appealed from; and that such transcript be accompanied by a correct and complete index of all the papers, documents, and exhibits in the cause; and that the Registrar of the Court appealed from, or other proper officer of such Court, be directed to omit from such transcript all merely formal documents, provided such omission be stated and certified in the said index of papers; and that especial care be taken not to allow any document to be set forth more than once in such transcript, and that no other certified copies of the record be transmitted to agents in England by or on behalf of the parties in the suit; and that the fees and expenses incurred and paid for the preparation of such transcript be stated and certified upon it by the Registrar or other officer preparing the same.

Transcripts may be printed abroad.

III. That when the record of proceedings or evidence in the cause appealed has been printed or partly printed abroad, the Registrar or other proper officer of the Court from which the Appeal is brought shall be bound to send home the same in a printed form, either wholly or so far as the same may have been printed, and that he do certify the same to be correct on two copies, by signing his name on every printed sheet, and by affixing the seal, if any, of the Court appealed from to these copies, with the sanction of the Court.

And that in all cases in which the parties in Appeals shall think fit to have the proceedings printed abroad, they shall be at liberty to do so provided they cause fifty copies of the same to be printed in folio, and transmitted at their expense to the Registrar of the Privy Council, two of which printed copies shall be certified as above by the officers of the Court appealed from; and in this case no further expense for copying or printing the record will be incurred or allowed in England.

Written transcript to be printed by Her Majesty's Printer.

IV. That on the arrival of a written transcript of Appeal at the Privy Council Office, Whitehall, the Appellant or the agent of the Appellant prosecuting the same shall be at liberty to call on the Registrar of the Privy Council to cause it, or such part thereof as may be necessary for the hearing of the case, and likewise all such parts thereof as the Respondent or his agent may require, to be printed by Her Majesty's Printer, or by any other printer on the same terms, the Appellant or his agent engaging to pay the cost of preparing a copy for the printer at a rate not exceeding one shilling per brief sheet, and likewise the cost of printing such record or appendix, and that one hundred copies of the same be struck off, whereof thirty copies are to be delivered to the agents on each side, and forty kept for the use of the Judicial Committee; and that no other fees for

solicitors' copies of the transcript, or for drawing the joint appendix, be henceforth allowed, the solicitors on both sides being allowed to have access to the original papers at the Council Office, and to extract or cause to be extracted and copied such parts thereof as are necessary for the preparation of the petition of appeal, at the stationer's charge, not exceeding one shilling per brief sheet.

Transcripts to be printed within a certain time.

V. That a certain time be fixed within which it shall be the duty of the Appellant or his agent to make such application for the printing of the transcript, and that such time be within the space of six Calendar months from the arrival of the transcript and the registration thereof in all matters brought by appeal from Her Majesty's Colonies and Plantations East of the Cape of Good Hope, or from the Territories of the East India Company, and within the space of three months in all matters brought by appeal from any other part of Her Majesty's dominions abroad; and that in default of the Appellant or his agent taking effectual steps for the prosecution of the Appeal within such time or times respectively, the Appeal shall stand dismissed without further order, and and that a report of the same be made to the Judicial Committee by the Registrar of the Privy Council, at their Lordships' next sitting.

Appeals may be heard in the form of a special case.

VI. That whenever it shall be found that the decision of a matter on appeal is likely to turn exclusively on a question of law, the agents of the parties, with the sanction of the Registrar of the Privy Council, may submit such question of law to the Lords of the Judicial Committee in the form of a special case, and print such parts only of the transcript as may be necessary for the discussion of the same; provided that nothing herein contained shall in any way bar or prevent the Lords of the Judicial Committee from ordering the full discussion of the whole case, if they shall so think fit; and that in order to promote such arrangements and simplification of the matter in dispute, the Registrar of the Privy Council may call the agents of the parties before him, and having heard them and examined the transcript, may report to the Committee as to the nature of the proceedings.

And Her Majesty is further pleased to order, and it is hereby ordered, that the foregoing Rules and Regulations be punctually observed, obeyed, and carried into execution in all Appeals or petitions and complaints in the nature of Appeals brought to Her Majesty, or to Her heirs and successors, in Council, from Her Majesty's Colonies and Plantations abroad, and from the Channel Islands or the Isle of Man, and from the Territories of the East India Company, whether the same be from courts of justice or from special jurisdictions, other than Appeals from Her Majesty's Courts of Vice-Admiralty, to which the said Courts are not to be applied.

Whereof the Judges and officers of Her Majesty's Courts of Justice abroad, and the Judges and officers of the superior Courts of the East India Company, and all other persons whom it may concern, are to take notice, and govern themselves accordingly.

General Orders by the Most Noble the Governor General of India in Council.

Fort William, the 24th September 1853.

No. 770 *of* 1853.—The Most Noble the Governor General in Council is pleased to direct that the following rules shall be substituted for the regulations now in force, regarding the periods allowed to Officers and others ordered, or proceeding in ordinary course, from the Presidency to Stations, or from one Station to another, to join their Regiments or Staff appointments:—

I. One month of 30 days will be allowed for preparation in the following cases; *viz.*:—

1*st.*—To Officers proceeding from the Presidency, or from one Station to another, to join or to do duty with Regiments, or on appointment to Staff or detached situations.

2nd.—To Officers on return from furlough to Europe, having to proceed from the Presidency to join Corps or Staff or detached appointments.

3rd.—To Officers who return to the Presidency from leave beyond Sea, on Medical certificate, with the privilege of drawing Indian allowances for the time necessary for joining their Regiments or Stations.

4th.—To Warrant Officers under any of the conditions above specified, or when promoted to the Warrant grade and posted to Magazines or Stationary Departmental charges, at Stations other than those at which they may be serving.

Also in each subsequent change of Station, by removal to another Magazine or Stationary Departmental charge.

5th.—To European Non-Commissioned Officers or Soldiers, on being appointed to the Town Major's list, and directed to join a regiment or appointment at a Station other than that at which they may be serving; and on each subsequent change of Station, by removal to another Regiment or appointment.

II. The time allowed for journeys by water will vary as they may be performed on river Steamers or on common Boats.

III. *1st.*—The annexed Table, which is identical with that in Section VII. Pay Code of 1849, shows the time allowed for travelling in Pinnaces, Budgerows or Country Boats, from one river Station to another named therein, which lying on the route to be travelled in each case may be most convenient for embarkation and debarkation.

2nd.—It is to be clearly understood, that Officers and others, proceeding upwards by water to Stations beyond Delhi or Meerut, will be allowed the time for proceeding by the Ganges to Gurhmuktesur Ghât, and not by the Jumna; and the same rule applies to persons travelling from distant Stations downwards.

3rd.—The Ganges route will, in like manner, alone be allowed for in proceeding by water to any Station in the Doab which is not actually upon the Jumna.

4th.—Except under special orders arising from an emergency of the Service, Officers or others will not be allowed to reckon the route by water from one Station to another, the distances between which are marked in the annexed Table with the letter "A," as for instance from Agra to Cawnpore, or from Lucknow to Delhie. The time allowed in such cases will be only for the journey as performed by land.

IV. *1st.*—When the journey or part of it is performed by Steamer, the actual time occupied in transit on board a Steamer from the Station of embarkation to that of debarkation will be allowed.

2nd.—When in consequence of no Steamer being available at the place of embarkation, unavoidable detention may occur, the term of such detention will be allowed, in addition to the actual time of transit.

3rd.—In cases of Officers or others entitled to the month for preparation allowed by rule I. of this order, should that time be exceeded in consequence of no Steamer being available, it will be necessary to show that no avoidable delay has occurred, but that the first available opportunity has been taken advantage of.

4th.—In case of proceeding by Steamer, the time allowed both for transit and unavoidable detention is not to exceed the time granted for marches, with regular halts, according to the official book of routes and stages from the place of embarkation to that of debarkation, added to the unexpired portion (if any) of the month for preparation specified in rule I. of this order.

V. If on disembarking from Steamers or other boats any portion of the journey remains to be prosecuted by land, 15 days from date of disembarkation will be allowed before commencing the land journey.

VI. The time allowed for journeys or portions of journeys by land will, in all cases, be regulated by the official book of routes and stages, one day in seven being considered a halting day.

VII. Time in excess of the periods specified in the foregoing rules can be allowed only in case of Government or His Excellency the Commander-in-Chief being pleased to grant general leave to cover that excess.

VIII. As the Absentee Rules remain unaffected by the present order, an Officer who shall have proceeded to Sea on leave, under Medical certificate, with a right to full pay and allowances for two years from date of the Pilot's certificate of his having put to Sea, and who shall have returned before the expiry of his leave, will not, by obtaining leave under Rule VII. of this Regulation, even under Medical certificate, secure his allowances for any time in excess of the unexpired portion of his leave to Sea; nor can he retain even his pay proper for any time in excess of 3 years' absence from duty on Medical certificate.

IX. When an Officer or other individual not described in the foregoing rule VIII. who shall have enjoyed the month for preparation shall exceed the time allowed under this General Order, and shall obtain leave to cover that excess on grounds other than Medical certificate, he will from the expiration of 7 months from the date of his arrival at the Presidency, the month of preparation being included therein, forfeit all allowances, retaining only pay proper for the period of excess. If leave be not obtained, pay also will be forfeited.

X. Staff Officers of any Military Department who while in transit are entitled to full Staff allowance, or Horse allowance, under the general Staff Regulations, will, on proceeding from one Station to another, unless expressly ordered to adopt a quicker mode of travelling, be allowed the time prescribed in the official book of routes and stages, with one halt in 7 days. They are however at liberty to adopt, at their own expense, any more expeditious means of conveyance.

XI. Whenever journeys may be performed partly by land and partly by water, the above rules for each mode of travelling will govern the time allowed for the several portions of the journey whether towards or from the Presidency.
